

Album 5. Rosa & Nellie Bliley's Cousin's Album — 1860s–1880s Scanned: August 2015

Introduction

What a beautiful gift from Willie and Susie Deer in Renwick, Iowa to their cousins Rosana “Rosa” (23) and Ellen Lousina “Nellie” Bliley (20), back in Harbor Creek Township, east of Erie, Pennsylvania. The date was August 27, 1863. The album is an expensive one with a brass clasp and gold leaf detailed design.

There are some very nice photos of the Bliley family members, and only two photos of the Mead family, and those were living in Harbor Creek.

Charles A. Bliley
Rochester, NY, USA

Photographic Images of Pages and Individual Photographs

The album was also photographed as found in the Boulder archives for quick reference. Then, scans were made of each photo in the order in which they appear in the album.

The following is a list of file names created during this project in the master file folders. You are free to embellish this list by adding your own notes. Variations of these files may be created at lower resolution for reference and Web purposes. The page and photo sequence in the original Web gallery can be used for reference to see the relationship of the photos to others in the album.

All photo filenames incorporate the names of the individual whenever a caption was present or known from another credible source. For example: “Bliley, Wilfred H. - Card 2-Front-1200.tif” Dates are included whenever found on the photo.

Scanning Techniques and Practices

The album consisted pages containing one frame on each page for a photo. The photos were removed from the album frame and scanned individually. All files are in the TIFF format to retain the image's high quality.

NOTE: All images were color corrected and adjusted for maximum clarity to remove effects of aging or tinting, or to improve the contrast to bring out “hidden” details. Consequently, these scans may not represent the actual

images as seen in 2015. These adjustments were done for the benefit of future viewers who may not have the tools or skills to make these adjustments.
