Album 9. F. Dawson Bliley - Album 3—1922-1928

Scanned: September 2015

Introduction

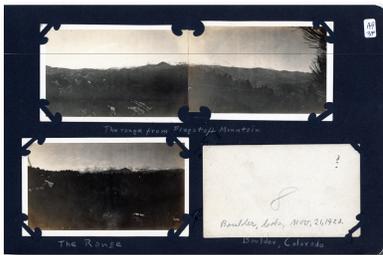

This album covers a period in Frank Dawson Bliley's teenage years between the ages of 16 and 22. The album is boldly titled on the first page, "Scenes of Great Interest to the Blileys". While that may be possible, there are a limited number of groupings. On the second page, "All Pictures Taken by: F. Dawson Bliley". Obviously, he was proud of this set of photos.

This is the second album containing a series of photos of family road trip to Colorado. Colorado was a favorite of his father and descendents. The album is fairly short with only 17 sheets populated with about 60 photos.

About the Album

The album was found in the family archives in Boulder. To prepare for the scanning, I placed small labels on each sheet and identified the front and back of each. The label contains an abbreviated album number, in this case 9, of the ten albums found and scanned in 2015. Each page has a sticker on it identifying it as Album 9, sheet number and front or rear side. For example: "*Bliley, F. Dawson - Album 3 1922-28 - Page 15-Front-P0-1200.tiff*" = Album 3's 15th sheet front. Some page files are named with "Captions" at the end. These pages were scanned with the photos containing captions on the rear with the back face up.

All pages were scanned at a fairly high resolution of 1,200 ppi. There were no photos selected for individual scans do to the relatively poor image quality of them as a group.
